

source/utils/init_cuda.h

```
graph TD; A[source/utils/init_cuda.h] --> B[stdio.h]; A --> C[cuda_runtime.h];
```

The diagram illustrates a header file dependency. A central box at the top, labeled 'source/utils/init_cuda.h', has two blue arrows pointing downwards to two separate boxes below it. The left box is labeled 'stdio.h' and the right box is labeled 'cuda_runtime.h'. This indicates that the 'init_cuda.h' file includes both 'stdio.h' and 'cuda_runtime.h'.

stdio.h

cuda_runtime.h
