

```
numerical_algos::lin  
_solvers::default_monitor::init
```

```
graph RL; main[main] --> target[numerical_algos::lin_solvers::default_monitor::init];
```

A diagram illustrating a function call. On the right, a white rectangular box with a black border contains the text "main". A dark blue arrow points from the right side of this box to the right side of a larger, gray rectangular box with a black border on the left. The gray box contains two lines of C++ code: "numerical_algos::lin" on the first line and "_solvers::default_monitor::init" on the second line.
